Personal Details

Highest Level of Education: Secondary School

Total years of experience: 8

Work Experience

Roofing Labourer

The Roofman inc - Kitchener, ON

November 2023 to February 2024

I helped with the shingle crew and also was part of the service department. Also did service repairs from some flat roof companies as well

CNC Machine Operator

H&O Cylindrical Precision - Kitchener, ON

October 2021 to May 2022

I was the main grinder operator for a conductor type of grinder and also operated other machines within the factory as well. Also got to use different measuring gauges to record types of metal we would be grinding for each day

Machine Operator/Assembler

Hoerbiger fine stamping - Kitchener, ON

December 2018 to October 2020

I first worked in the assembly plant where we worked with many different metal parts and had to pack them and ship them out to other places. I worked with cnc and other metal grinders in the second plant and used gauges and meters to evaluate the metal before using the cnc machines

Education

High school diploma or GED

Forest heights collegiate institute - Kitchener, ON

September 2017 to April 2018
